MY BIO

01

From a young age, I have loved creating, painting, and drawing.
Art has always been a big part of my life. This passion led me to study
it and now I want to make it my career.

02

In graphic design, I focus on minimalism and clarity. I like to use light,
neutral colors that make my designs feel calm and elegant.
Typography is very important to me because it adds neatness and
structure. I also enjoy playing with colors and bold styles to make my
work unique and lively.

03

I aim to provide each client with a custom solution, creating visuals
that strengthen their brand and connect with their audience.
